^{with e} CRUCIBLE

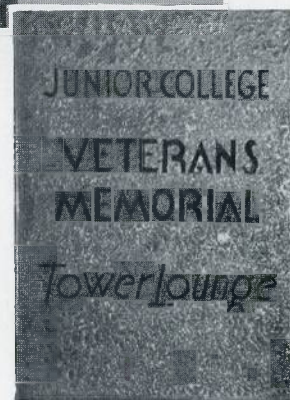

1952
BAY CITY JUNIOR COLLEGE
Bay City, Michigan

Dedication

We wish to dedicate this Crucible to those former students of Bay City Junior College who served their country in the armed forces and especially to those whose sacrifice made it impossible for them to fulfill the dreams they dreamed or keep the promises they made while here at J.C.

To those classmates who fought in battle against the forces which strive to destroy free thinking and democratic education, we dedicate this book in humility and gratitude.

From the nerve center in the offices to the verve center in the tower, from the second annex to the west wing, from the classrooms to the labs, to the library, there is the pulse of the College.

This Crucible, with its hand on that pulse, records it here for you - a record of the past and present for the future.

We present -- the Crucible of '52.

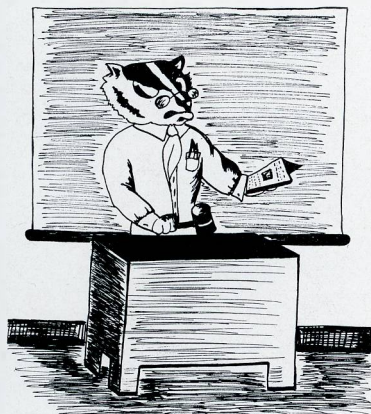

FACULTY

ADMINISTRATION

The administration department of Bay City Junior College - Dean of Women, Miss Lois Waterman; Dean of Men, Palmer Kern; Dean Eric Bradner; and Registrar, Walter Thorsberg - confer in the Dean's office.

Faculty

Among our most vivid memories of J.C. are those of our teachers-some frightening, some hilarious, some soothing and some even valuable, all are unforgettable. Although the pleasant fellowship found in extra-curricular activities are also a part of college, it is the classroom that furnishes the phase of life called education. To this phase the teachers, with baffling logic, simple truths, and of course eccentricities, are indispensable. Without them, acquired knowledge would not necessarily be an education.

SCIENCE DEPARTMENT

Those students who put in extra hours in lab periods and struggled through their experiments will remember, Seated: Fred Williams, Fred Rogers, Miss Elizabeth Krafka, Miss Ada Royal, Adrian Zwemer, Standing: J. H. George, and Sam Freed.

FACULTY

MATHEMATICS AND DRAWING DEPARTMENT
The engineers, the architects, the county-normal teachers, and the math students can vividly recall the intricate problems associated with the classes of George Pease, Miss Marcia Saile, Miss Meta Ewing, and Walter Thorsberg.

FINE ARTS DEPARTMENT

The fine arts students, county normal teachers, and anyone who had term papers to write will recognise Loren Cady, Miss Libbie Kessler, H. R. Evans, Mrs. Katherine Plum, or Mr. Henry Klingbeil.

SECTION

PHYSICAL EDUCATION DEPARTMENT

Every student in the school was compelled to take a class from either Paul Grein, Miss Marilyn Stump, or Palmer Kern or they didn't graduate.

BUSINESS ADMINISTRATION

Many fine business students, both terminal and transferring, were turned out by Dwight Dudley, Mrs. Sena French, and Gordon French.

FACULTY

ENGLISH DEPARTMENT

Every graduate can recall having had either Earl Smith, Mrs. Gladys Klingbeil, Miss Nellie MacGregor, or Miss Lois Waterman for Freshman English or more advanced English courses.

FOREIGN LANGUAGE DEPARTMENT
 When a student says "I just don't understand that teacher," they may be telling the truth when they are referring to Miss Erma Hellmuth or Miss Olive Lagden.

SECTION

SOCIAL SCIENCE DEPARTMENT
 As most graduates take political science 101 and Michigan State requires a social science basic, Harry Parks, Henry Klingbeil, and Louis Doll are inseparable with college memories.

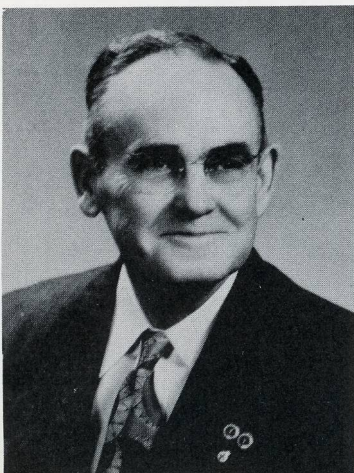

COUNTY NORMAL DEPARTMENT

The county normal certificate holders will all know Miss Grace Fettig and Miss Harriet Van Antwerp, for along with Walter Thorsberg and H. R. Evans they teach the special required courses for the county normal students.

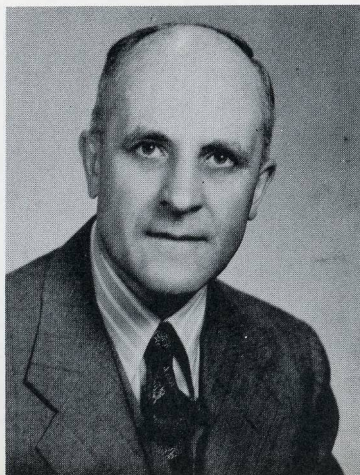

FACULTY

There are always some teachers whose schedules conflict with that of our photographer, or who are absent on the day the pictures are taken, or who for some reason or other are not in the group pictures. Therefore we are putting in their individual photos so that all of the faculty will be represented in this section.

MISS ROSE ZIELINSKI

LEFT: Miss Rose Zielinski, testing teacher, gives all the freshman examinations and then corrects them with the aid of Jo Ann Plowdry and a machine which helps relieve some of the burden of correcting them.

RIGHT: Clarence Schulz, Junior College bursar, may not be seen in this pose any more. Although it is one that is very familiar with this year's graduates, he has installed an inside counter that makes it unnecessary to open his window.

SECTION

OFFICE STAFF

Whenever a student just had to locate a teacher, to get a last minute notice into the next day bulletin, to have a copy of his credits, or to get help with any of a million and one other odd tasks, Miss Frances Smith, Mrs. Helen Watson, Nan Groulx, and Janet Loehne were always on hand to help him.

Activities

No education is complete without a touch of extra-curricular activities of which J.C. offers a wide variety. Beside those clubs which are meant for amusements as well as for learning, it offers an extensive student government and several classes which by their broad range contribute much to the rest of the student body.

These activities were brought into being by the demands of the students. There have been years in which some were dispensed with because of a lack of demand. However, this year two new clubs were called into being—the Ski Club and the Camera Club.

The enthusiasm and social graces as well as the knowledge gained through these activities will always be with the participants.

BADGER CAGERS

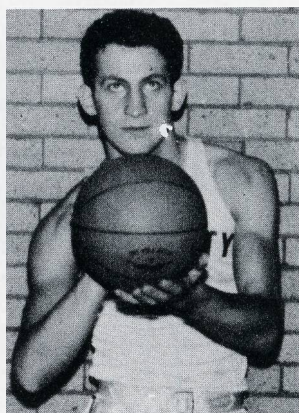

GLYNN McARN
forward

Glynn McArn and Clarence "Smokey" Nelums teamed up to give the Badgers two of the fastest, shiftiest guards in the conference. They continually outran their opponents, using the fast-break style of basketball. Their well rounded floor work did much to hold the team together.

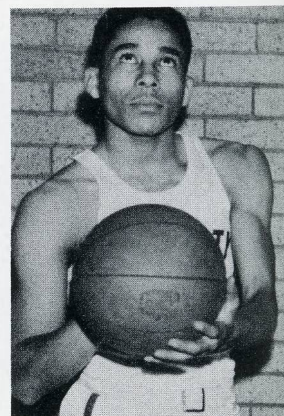

BOB NEAL
guard

VARSITY SQUAD

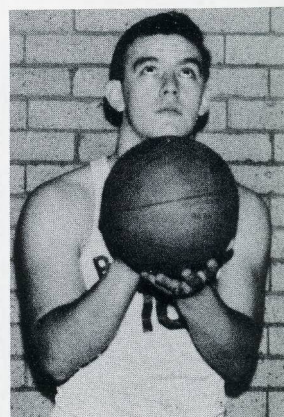

BRANT SHORT
center

Brant Short was the tallest man on the Badgers starting five. Because of his height Brant was left to do almost all the work under the board. As center on the squad he worked throughout each game from beginning to end. Often against taller opponents he used sheer fight to gain control of the ball.

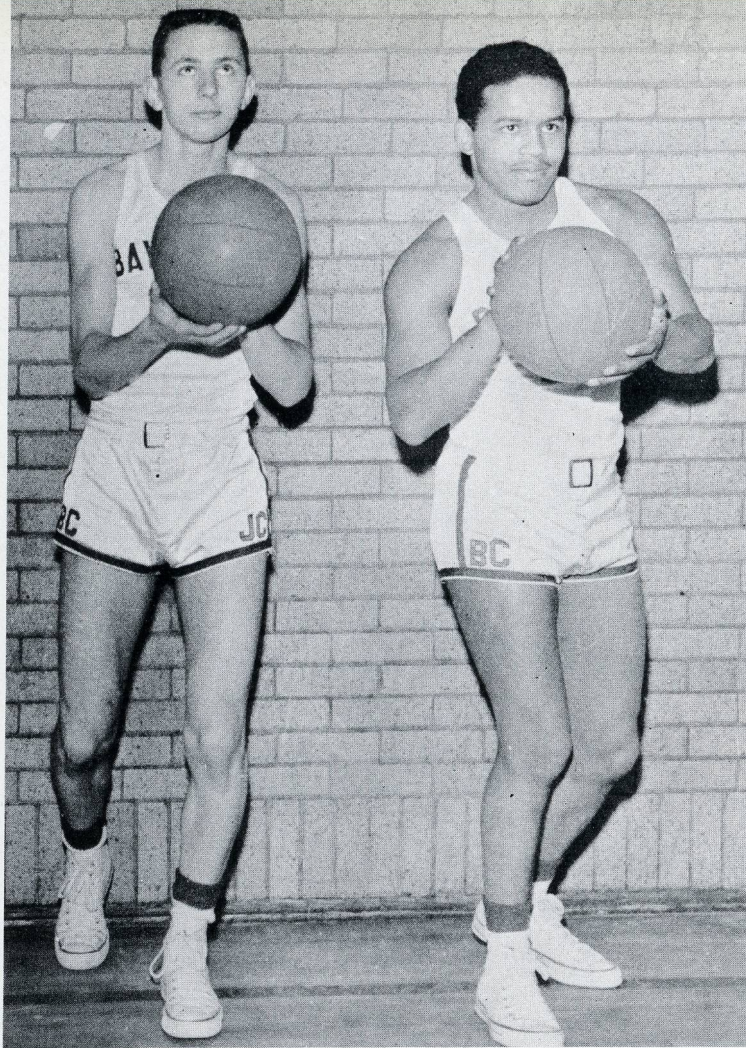

CLARENCE "Smokey" NELUMS
forward

Jim Vayre plus Bob Neal rounded out the team. These two fine forwards deserve more credit than can be handed them. Being of short stature was a definite setback, but they made up for their lack in height with fighting spirit. The rougher the game the better they showed up.

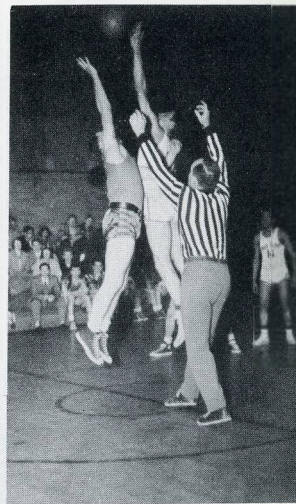

JIM VAYRE
guard

Bob Neal and Glynn McArn were J.C.'s two steadiest scorers during the basketball season, according to figures released by Coach Paul Grein. Both saw service in nineteen games. They staged a close race for top scoring honors; Bob accounted for 208 scores for a 10.9 points per game average, and Glynn racked up 205 for a 10.8 goals per game average.

SECOND ROW: Doug Swisher, Lyle Randall, Bruce Leslie, Bill Pohlman, Dich Sauer, John Mason, BACK ROW: Jack La Breck, Bob Neal, Brant Short, Dick Larson, Ronnie Ruterbusch. Weather conditions halted the All-Star game between Flint J.C. and Bay City J.C.

When the smoke cleared off the tennis courts, Farrel Le Vasseur emerged as champ of the Intramural Tennis matches. With a terrific backhand he stroked his way to a well deserved victory.

FALL SPORTS

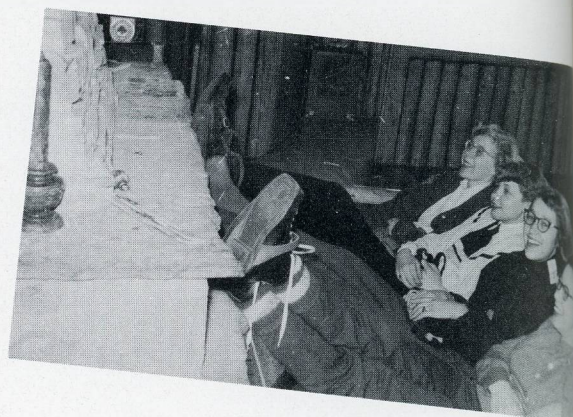

Jim Vayre (right) and Jack Bindon shared honors as semi-finalists in the fall golf tournament. By the time the duo had conquered the competition the weather called a halt to the matches, postponing the finals until Spring.

The Slo-Motions ran powerplay after powerplay to run away with the Intramural Touch-Football championship. Those on the team were FRONT ROW: Jim Vayre, Dick Lillo, Ed Villaire, Tom Walsh, Bill Tway, Kay Melvin, Bill Pohlman. BACK ROW: Glynn McArn, Chuck Wiese, Stan McArn, Jim Dwan, and Jack Sauve.

Half And Half Work And Fun

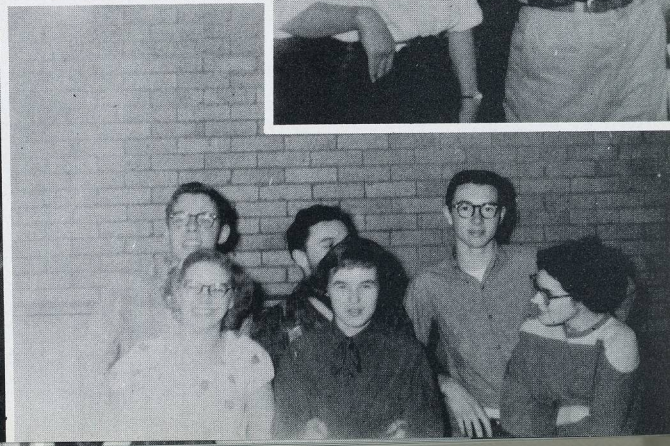

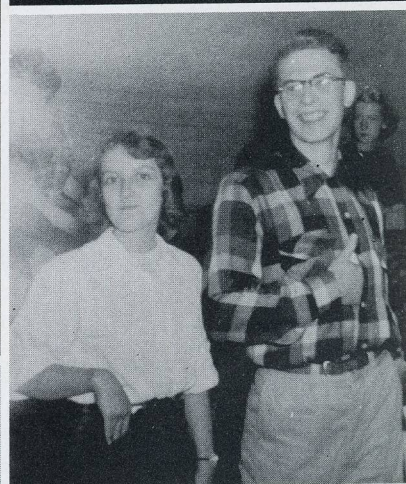

It was work. Drafting, office work, labs - all were part of getting an education. But there was more than just work. Games, swim sessions, cokes, and just plain loafing were "sure-fire" relaxers.

More Of The Fun Half

"Work, work, work. All
we do is work, as these pic-
tures clearly show."

Junior College years are happy years for most young men and women. In addition to work and study, the many social activities, sports events, and the thrill of graduation account for pleasant memories that last all through life. But there's one person in this picture who is generally overlooked, and it isn't until the student starts to make his way in the world that he fully appreciates how much his teacher or instructors meant to him. College teachers are mighty important people. Teachers more than any other group have the greatest responsibility for building strong characters and molding the ideals of good citizenship among today's boys and girls.....our leaders tomorrow.

Reddy Kilowatt, your electric servant, wishes you and your teachers every success in your future undertakings.
